Dear General Wong,

Congratulations to the Dental Corps as you celebrate your Centennial. The Veterinary Corps extends warmest regards on this momentous occasion.

We thank you for your dedicated service to the AMEDD and the vital role you play in the health and well being of our Soldiers both at home and abroad. The officers of today's Dental Corps should be extremely proud of their long and distinguished heritage.

I wish you all the best as you continue to lead our fine Army Dentists on their quest to keeping our Army and our nation strong.

Sincerely,

*Tim*
