Dear Major General Wong:

On behalf of the American Academy of Orofacial Pain (AAOP), I would like to extend my sincere congratulations to the US Army Dental Corps on their 100th anniversary of service to our soldiers and our nation.

The AAOP understands the vital importance of appropriate care for patients who suffer from musculo-skeletal, neuropathic and neurovascular pain of the head, face and jaws. Furthermore, the Academy strongly supports efforts to make such care available to all military members, their families and especially to our nation's wounded warriors.

The AAOP thanks the Army Dental Corps for their 100 years of service in support of the health of our nation's military personnel and welcomes any future opportunity to assist in that noble pursuit.

Sincerely,

Jeffrey A. Crandall, DDS
